Work Experience

Software Development Engineer Intern

May 2025 - Present

73Strings (GoKloud) Bengaluru

- Re-architected a high-scale financial calculation engine using **Java, Spring Boot, and PostgreSQL**, reducing API latency from **minutes** to under **one second** and scaling to **20K+ records**.
- Improved backend performance through **SQL query optimization, schema normalization, and elimination of N+1 queries**, enhancing scalability and throughput.
- Implemented **Redis caching, version locking, and distributed job scheduling** to improve concurrency handling and system reliability in multi-tenant architecture.
- Accelerated **bulk transaction processing** by 5–8 times, reducing **100K record** upload time from **5–6 minutes to under 60 seconds**.

Summer Training

Jun 2024 - Jul 2024

Spruce by Hitbullseye.com at Lovely Professional University

- Developed a comprehensive **N-Queen visualizer project**, implementing **backtracking algorithms** to visualize solution.
- Strengthened **critical thinking skills**, focusing on **algorithms, data structures, and advanced coding techniques**.

Projects

Ecommerce Website | MERN Stack, Responsive Web Design

Mar 2024 - Apr 2024

- Built a full-stack e-commerce application using MongoDB, Express.js, React.js, and Node.js with JWT authentication.
- Implemented secure and scalable RESTful APIs using Node.js and Express.js to support CRUD operations, JWT-based authentication, pagination, and user-specific data management for a full-stack MERN e-commerce application.
- GitHub Repository Link: https://github.com/ervg0203/ecommerce_website_usingMERN

To-do List Application | Vanilla JavaScript, Responsive Web Design

Feb 2024 - Mar 2024

- Developed a To-Do List application using vanilla JavaScript with task creation, editing, and deletion features.
- Added task filtering, drag-and-drop reordering, and local storage for data persistence.
- GitHub Repository Link: <https://github.com/ervg0203/ToDo-Basic-Website>

Certificates

Server-Side JavaScript with Node.js

March 2024

NIIT — [Certificate Link](#)

Introduction to MongoDB for Students

June 2024

MongoDB University — [Certificate Link](#)

Technical Skills

Languages: Java, C++, Python, JavaScript, Kotlin

Technologies & Frameworks: Spring Boot, Node.js, Express.js, React.js, JWT, MongoDB, PostgreSQL

Tools & Core Skills: Git, GitHub, IntelliJ IDEA, DBeaver, Data Structures & Algorithms, OOP, SQL, Problem Solving

Achievements

- Ranked **78th out of 20,000** participants in the **GeeksForGeeks MTS Hiring Contest**.
- Solved **500+ coding problems** across various platforms like LeetCode, HackerRank, GeeksForGeeks.
- Earned **14 LeetCode badges** demonstrate consistent proficiency in Data Structures and competitive problem solving.

Education

Lovely Professional University

2022 – 2026

Computer Science and Engineering — CGPA: 8.34

Jalandhar, Punjab

DAV Centenary Public School

2020 – 2021

12th with Science — Percentage: 94.60%

Radaur, Haryana

DAV Centenary Public School

2018 – 2019

10th with Science — Percentage: 92.40%

Radaur, Haryana
